

PlantUML Installation

2022

Help > Install New Software

- Install plantUML
- Location: <http://plantuml.sourceforge.net/updatesitejuno/>
or for before Juno Eclipse ver.
<http://plantuml.sourceforge.net/updatesite/>

```
SandMode.java Chain.java FrictionMod... PrintBanner.... »2
1 package yukiAdaptor;
2
3 public class PrintBanner extends Banner implements Print {
4     public PrintBanner(String string) {
5         super(string);
6     }
7     public void printWeak() {
8         showWithParen();
9     }
10    public void printStrong() {
11        showWithAster();
12    }
13 }
14
```
